PROFILE

Information Systems student at Telkom University with hands-on experience in database development, UI/UX design, product management, and research. Proven ability to bridge technology and business processes through internships, a self-founded startup, and academic research. Active leader in multiple organizations with strong communication and cross-functional collaboration skills.

WORK EXPERIENCE

CEO & Founder

Second Soul (Startup) · 2026 – Present

- Founded a student-focused digital marketplace (FJB platform) from the ground up, overseeing end-to-end product development.
- Led cross-functional team across UI/UX, engineering, and marketing; executed digital campaigns to drive early user traction.
- Conducted user research and managed Figma-based design sprints to continuously improve product UX.

Research Assistant

Telkom University · 2026 – Present

- Supporting academic research on IT adoption factors for Halal Information Systems in micro enterprises.
- Conducted data collection, literature review, statistical analysis, and co-authored research reports.

Teaching Assistant – Human Resource Management

Telkom University · 2025 – 2026

- Facilitated course delivery, prepared learning materials, and guided students through HRM concepts.
- Assisted in grading assignments and providing structured academic feedback.

IT Intern – Database Systems

PT. AW Faber-Castell Indonesia · 2025

- Designed and implemented a Microsoft Access-based data management system, including DB schema, forms, queries, and reports.
- Improved data processing efficiency and accuracy for internal operations.

Intern – Data & Administration

Ministry of Trade of the Republic of Indonesia · 2024

- Supported Inaexport staff in administrative data processing and assisted with website content integration.

EDUCATION

B.Sc. Information Systems

Telkom University, Bandung · 2023 – Present

- Developed a Java-based travel application (Object-Oriented Modeling) and a Python pharmacy management system.
- Designed UI/UX prototypes using Figma for academic and real-world digital platform projects.
- Conducted research on IT adoption in micro enterprises with a focus on Halal Information Systems.

Natural Sciences Major

SMAS Darunnajah · 2016 – 2022

- Head of Language Course Committee; enforced bilingual (Arabic & English) discipline across the boarding school.
